

Monday, April 7th 2025

12:45 – 13:00	Welcoming Address
13:00 – 13:30	<i>The PFAS Restriction Dossier Background and State of Play</i> Christian Unkelbach (BAuA, Dortmund)
13:30 – 14:00	<i>Terminology and Classification of Per- and Poly- Fluoroalkyl Substances (PFAS): An IUPAC Project</i> Pierangelo Metrangolo (Politecnico Milano, Italy)
14:00 – 14:30	<i>Trends and Levels of PFAS in Ecosystems</i> Jan Koschorreck (UBA, Berlin)
14:30 – 15:00	<i>PFAS from a Drinking Water Supplier ´s Perspective</i> Frank Sacher (Technologiezentrum Wasser)
15:00 – 15:45	Coffee Break
15:45 – 15:50	<i>The TFA Work Group in the GDCh PFAS ThinkTank</i> Klaus Günter Steinhäuser
15:50 – 16:20	<i>Significance of Perfluoroalkyl Substances (PFAS) in Food and Their Current Legal Regulation</i> Gerd Hamscher (Universität Gießen)
16:20 – 16:50	<i>Advancing Analytics for Responsible PFAS Management in Industrial Applications</i> Sabrina Kröger (BASF, Belgium)
16:50 – 17:20	<i>PFAS in the Electronics Industry: Applications and Replacement Strategies</i> Peer Kirsch (MERCK)
17:20 – 17:50	<i>May We Find any Alternatives to PFAS?</i> Bruno Ameduri (University Montpellier, France)
18:00 – 22:00	Reception

Tuesday, April 8th 2025

<i>Sanierung von PFAS Boden- und Grundwasserverunreinigungen: die kommunale Perspektive</i> Ingo Valentin (Stadtverwaltung Düsseldorf)	08:00 – 08:30
<i>Heating and Cooling with Natural Refrigerants: Examples of Successful Conversions for Various Applications</i> Stefan Elbel (TU Berlin)	08:30 - 09:00
<i>Fluoropolymers – Indispensable in Key Technologies</i> Michael Schlipf (FPS GmbH)	09:00 – 09:30
<i>PFAS Exposure of Humans – What does it tell us?</i> Thorsten Reemtsma (Helmholtz Zentrum für Umweltforschung, UFZ, Leipzig)	09:30 – 10:00
Coffee Break	10:00 – 10:45
<i>PFAS – How to Detox the Textile Supply Chain – VAUDE ´s Roadmap of Substitution</i> Bettina Roth (VAUDE)	10:45 – 11:15
<i>A Presentation on the Reasons why PFAS are Required in the Optics Sector</i> Uwe Hamm (Carl Zeiss Jena GmbH)	11:15 – 11:45
<i>PFAS in Ophthalmic Applications: Balancing Performance, Safety, and Lifecycle Responsibility</i> Dirk-Henning Menz (Pharmapur)	11:45 – 12:15
<i>PFAS-Containing Specialty Lubricants for Industrial Applications</i> Johannes Klein (Klüber Lubrication, München)	12:15 – 12:45
Closing Remarks	12:45 – 13:00
